Environmental Policy - ISS-PO-015

Inspired Scaffolding Services Ltd supplies access scaffolding services to National and Regional contractors and other clients nationally.

Inspired Scaffolding Services Ltd will provide for the publication of the Environmental Policy internally, by posting the document in the Company and externally to all interested parties on request, by the availability of the Environmental Policy.

Inspired Scaffolding Services attaches great importance to protecting the environment and will continue to work towards introducing procedures and the use of materials to help to minimise any potential adverse effect on the environment caused by the carrying out of our and our clients' day to day operations.

Inspired Scaffolding Services Ltd will therefore:

- Comply with all applicable environmental legislation and codes of practice and integrate consideration of environmental concerns into our decision making and activities.
- Take positive action to minimise waste and encourage recycling for the company and its clients.
- Train, educate and inform our employees about environmental issues that may affect their work and encourage them to work in an environmentally responsible manner.
- Maintain management controls and procedures to implement environmental objectives.
- Work with suppliers and clients to encourage the sourcing of materials from sustainable resources.
- Improve efficiency in the use of fuel, water and raw materials, measure and monitor it's usage.
- Raise company and client's awareness of and commitment to maximising environmental performance.
- Review the Company environmental policy annually to take account of legislative and organisational changes, with a view to continually improving environmental performance.
